## Notes

\*The specified fuel consumption and emission data have been determined according to the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). When figures are specified as value ranges, these do not refer to a particular individual vehicle, but to different trims. Specifications may vary depending on region and trim.

Further information about the official fuel consumption figures and official, specific CO2 emissions of new passenger cars can be found in the "Guide to fuel consumption, CO2 emissions and electricity consumption of new cars" which is available free of charge from all sales outlets and from DAT.
